WINTER 2026

It gives me great pleasure to welcome you to Cockpit for our Winter Open Studios 2026.

Over 40 years Cockpit has become one of the UK's most influential spaces for craft and making. We are currently home to more than 180 artist-makers working across twenty-five craft disciplines. Their work brilliantly combines creativity with exceptional skill and ambition.

You will find both the biggest names in craft and the brightest new talent, and there is real joy to be had from getting to know them and their work. Your support is also essential to their success. Whether you are looking for a meaningful gift or adding to your own collection, crafted objects offer unique value as they continue to resonate with the hand of the maker and their practice.

To those of you who have visited before — welcome back and thank you for your continued support. And if you are visiting for the first time, we hope you leave feeling inspired.

Warm regards,
Jonathan Burton
CEO, Cockpit
